

Setting up Application Environment

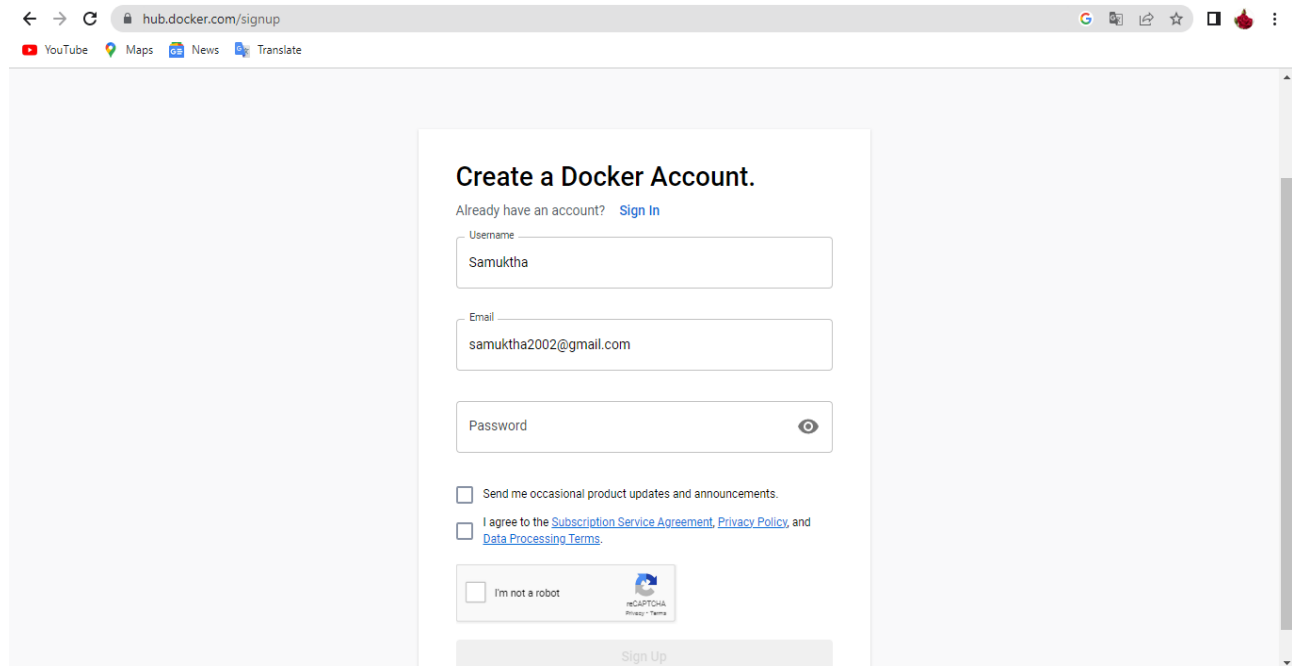

Docker CLI Installation

Date	8 th November 2022
Team ID	PNT2022TMID18818
Project Name	Skill/Job Recommender Application

Step 1. Download Docker from docker.com and install it by running the Docker Desktop Installer.exe file

Step 2. Goto hub.docker.com register and create an account and login with the same

The screenshot shows the Docker Hub 'Create a Docker Account' page. The browser's address bar displays 'hub.docker.com/signup'. The page has a light gray background with a central white form. The form title is 'Create a Docker Account.' Below the title is a link for users who already have an account. The form contains three input fields: 'Username' with the value 'Samuktha', 'Email' with the value 'samuktha2002@gmail.com', and 'Password'. Below the password field are two checkboxes: one for receiving product updates and another for agreeing to the terms and policies. A reCAPTCHA widget is positioned below the checkboxes, showing 'I'm not a robot' and a circular icon. At the bottom of the form is a 'Sign Up' button.
